

# Public statement

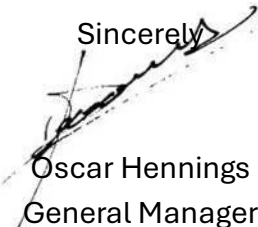

Dear Clients and General Public,

Through this notice, we inform you that the accreditation certificate for PreaLab by the Mexican Accreditation Entity as a Proficiency Testing Provider in the metal-mechanical field, based on the NMX-EC-17043-IMNC-2010 standard, will soon be available in this same space. Our goal is to obtain accreditation and have it in effect and available during the first half of January 2026.

In the meantime, please be assured that PreaLab is carrying out all its activities in strict adherence to the requirements described in the standards NMX-EC-17043-IMNC-2010 Conformity Assessment – General Requirements for Proficiency Testing, and ISO 13528:2015 Statistical Methods for Use in Proficiency Testing by Interlaboratory Comparison, as well as the accreditation criteria for Proficiency Testing Providers and the proficiency testing policy of the Mexican Accreditation Entity.

Our objective will always be to offer the proficiency testing programs required by our clients to meet their accreditation and continuous improvement needs.

Sincerely,

Oscar Hennings  
General Manager  
PreaLab
